As a below-named inventor, I hereby declare that:

1) My residence, post office address, and citizenship are as stated below next to my name. I believe that I am the original, first and sole inventor if only my name is listed below, or that I am an original, first, and joint inventor if additional names are listed below, of the subject matter that is claimed and for which a patent is sought on the invention entitled:

High-resolution projection display system

the specification of which is:

[X] attached hereto;

[] was filed on _____ (MM/DD/YYYY) and assigned U.S. or PCT International Application Serial No. : _____; and was amended on _____ (MM/DD/YYYY) (if applicable).

2) I hereby state that I have reviewed and understand the entire contents of specification, including the claims, as-amended by any amendment specifically referred to above, of the above-identified patent application.

3) I hereby acknowledge the duty to disclose information of which I am aware to the U.S. Patent Office and that is material to patentability as defined in 37 C.F.R. §1.56; namely, information where there is a substantial likelihood that a reasonable patent examiner would consider the information important in deciding whether to allow all pending claims. I further acknowledge that this duty continues while the patent application is pending.

For continuation-in-part applications, I acknowledge that I am obligated to disclose material information that I became aware of between the filing date of the prior ("parent") patent application and the national or PCT international filing date of the continuation-in-part application.

4) I hereby claim foreign priority benefits under 35 U.S.C. § 119(a)-(d) or 365(b) of any foreign application(s) for patent or inventor's certificate, or under 365(a) of any PCT international application which designated at least one country other than the United

States of America, listed below, and have also identified below, by checking the associated box, any foreign application for patent or inventor's certificate, or any PCT international application having a filing date before that of the application on which priority is claimed.

Title

ASSIGNMENT OF APPLICATION

Whereas we, Michael R. Greenberg and Matthew W. Bellis both of Santa Rosa, California, hereafter referred to as APPLICANTS, have invented certain new and useful improvements in HIGH-RESOLUTION PROJECTION DISPLAY SYSTEM, hereinafter called "the invention", and which is assigned Attorney Docket No. OC0320US, and

Whereas, Optical Coating Laboratory, Inc., of Santa Rosa, California, a corporation of the State of Delaware, herein referred to as ASSIGNEE, whose principle place of business is 2789 Northpoint Parkway, Santa Rosa, CA 95407-7397 is desirous of acquiring the entire right, title, and interest in the same;

Now therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, an APPLICANT, by these presents do sell, assign, and transfer to the ASSIGNEE the full and exclusive right to the invention in the United States and the entire right, title and interest in and to any and all Patents that may be granted therefor in the United States, including any reissue patents, continuation patents, and/or division patents. I also hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Patent to the ASSIGNEE, who holds the entire right, title, and interest to the same for its sole use and benefit; and for the use and benefit of its legal representatives, successors, and assigns, to the full end of the term for which any Patent may be granted.

I, the APPLICANT hereby further sells, assigns, transfers, and sets over to the ASSIGNEE the entire right, title, and interest in and to the invention in each and every country foreign to the United States; and the APPLICANT further conveys to the ASSIGNEE all priority rights resulting from the above-identified United States Patent Application, including the right to file patent applications in the ASSIGNEE's own name. The APPLICANT further agrees to execute all papers, give any required testimony, and perform other lawful acts, at the ASSIGNEE's expense, as the ASSIGNEE may require to enable the ASSIGNEE to perfect the ASSIGNEE's interest in any resulting patent of the United States or any foreign country, and to acquire, hold, enforce, convey, and uphold the validity of the patent and reissues and extensions thereof, and the ASSIGNEE's interest therein.
